

Computer Awareness Practice Course

Course Schedule:

Extra

Fundamental Of Computer

certification	Computer System
certification	Development and Types of Computers
certification	Fundamental of Computer - Easy Level Quiz
certification	Fundamental of Computer - Moderate Level Quiz

Computer Components & Memory

certification	Input Devices
certification	Output Devices
certification	Cache/Primary/Secondary Memory
certification	Storage Devices
certification	Computer Architecture - Easy Level Quiz
certification	Computer Architecture - Moderate Level Quiz
certification	Computer Architecture - Advanced Level Quiz

Operating System

certification	Operating System
---------------	------------------

certification	Operating System - Easy Level Quiz
---------------	------------------------------------

certification	Operating System - Moderate Level Quiz
---------------	--

certification	Operating System - Advanced Level Quiz
---------------	--

Computer Software

certification	System Software
---------------	-----------------

certification	Application Software
---------------	----------------------

certification	Pogramming Languages
---------------	----------------------

certification	Computer Software - Easy Level Quiz
---------------	-------------------------------------

certification	Computer Software - Moderate Level Quiz
---------------	---

certification	Computer Software - Difficult Level Quiz
---------------	--

Data Representation / Number System

certification	Number System
---------------	---------------

certification	Logic Gates
---------------	-------------

certification	Data Representation - Easy Level Quiz
---------------	---------------------------------------

certification

Data Representation - Moderate Level Quiz

certification

Data Representation - Advanced Level Quiz

Data Communication and Networking

certification

Communication Mediums - Wired/Wireless Technology

certification

Network Types and Devices

certification

Network Topologies

certification

Data Communication and Networking - Easy Level Quiz

certification

Data Communication and Networking - Moderate Level Quiz

certification

Data Communication and Networking - Advanced Level Quiz

Internet

certification

Uses & Services of Internet

certification

Internet Models and Protocols

certification

Browser, Website, Etc.

certification

Internet - Easy Level Quiz

certification

Internet - Moderate Level Quiz

certification

Internet - Advanced Level Quiz

Computer and Network Security

certification

Types of Virus Attacks and their Solution

certification

Components and Sources of Network Security

certification

Computer and Network Security - Easy Level Quiz

certification

Computer and Network Security - Moderate Level Quiz

certification

Computer and Network Security - Advanced Level Quiz

Database Management System - DBMS

certification

DBMS and its Components, Models and Functions

certification

Keys in DBMS

certification

DBMS - Easy Level Quiz

certification

DBMS - Moderate Level Quiz
